

John Howard Society – Equi-Pass Course List (December 2009)

Info Online at <http://jhsdurham.on.ca>

What is a Track?

The following list shows the major subject Tracks available (about 111 topics).

Each "Track" contains (usually) multiple courses.

Each Course then contains the individual lessons you work on.

A single track, like MS Office for example, could contain 8 or more Courses (such as Course - MS Excel, Course - MS Word), which in turn contains dozens of lessons within each course (such as Lesson - Mail Merge). In total, our system currently contains over 500 COURSES!

So when we assign courses to your name, we typically assign an entire track. Again, with MS Office as an example, that would mean you would have a complete envelop of courses covering Word, Excel, Powerpoint, Publisher and so on. It means you get an exceptional, and comprehensive learning experience!
